+91-7622071203 | vanshiljoshi712@gmail.com | LinkedIn - linkedin.com/in/vanshil-joshi

## Objective

Innovative and detail-oriented Front-end Web Developer with a talent for creating visually appealing and user-friendly websites. Proficient in HTML, CSS, and JavaScript, with a solid foundation in responsive design and cross-browser compatibility. Proven track record of efficiently collaborating with multidisciplinary teams to deliver projects on time. Continuously learning and adapting to new technologies and industry trends, I am passionate about crafting seamless web experiences that enhance user satisfaction and drive business growth.

## Technical Skills

- **Programming Languages:** JavaScript
- **Web Development:** HTML, CSS, DOM Manipulation, Async JS, Fetch API, CRUD Operations
- **Tools:** VSCode, GitHub, Copilot, ChatGPT, Webforms
- **Libraries:** React.js, Bootstrap, Tailwind

## Personal Projects

### API-Based Food Recipe Portal | React.js, Bootstrap

- Developed a web portal for searching and viewing food recipes using TheMealDB API, optimizing React.js for real-time updates and smooth user interactions.

### Weather Forecast App

- Created a weather forecast app with HTML, CSS, and JavaScript, featuring location-based and manual search options for real-time updates on temperature, humidity and wind speed

### Country Information Website

- Built a responsive web app that displays detailed information about countries using the Country REST API. Added a dark mode that remembers your preference, and used JavaScript to make the site interactive and user-friendly.

### speedyFingers - Typing Speed Test Web Application

- Created an interactive web app to help users improve their typing speed and accuracy. Built a responsive interface with HTML, CSS, and JavaScript, ensuring it works smoothly on all devices. Integrated real-time typing metrics and feedback for instant results and optimized performance for fast load times.

## Internship

**Web Development Internship (React.js & APIs) | INFOLABZ IT SERVICES | Ahmedabad, Gujarat | Jun 2024 - July 2024**

- Built a food recipe portal using React.js, integrating external APIs to fetch and display recipes. Used Bootstrap for responsive design, ensuring the app works well on all devices. Enhanced skills in state management and API integration within React.js.

## Education

**Bachelor of Engineering (B.E) | Information Technology | 2021 – 2025**

(Shree Swaminarayan Institute of Technology, Bhat, Gandhinagar)

**Higher Secondary Education | 2021**

(Sabarmati Higher Secondary School)

**Secondary Education | 2019**

(I.P English School)

## Volunteer Experience

**Graphic Designer and Manager | Tech Nirvana | March 2024**

- Managed a one-day tech event with 400+ attendees. Designed iCards, posters, and visual presentations, enhancing the event's professional look and information delivery.

## Certifications

- Web Development Internship – Infolabz
- Odoo Combat Hackathon 2024 – Final Round Certificate
- Full Stack Web Development using MERN – Apna College
- Diploma in Multilingual Computer Programming – C-DAC
- Python for Beginners – Udemy

## Soft Skills

- Communication
- Presentation
- Adaptability
